All About Flowers Cape Cod - Pricing Estimate List - 2026

This list is designed to help you understand our basic pricing and help you decide to pursue working with us. If you love our work and our prices agree with your budget, the next step is to schedule a phone or in-person conversation to discuss details and start planning the design. Once that happens, we can offer you a formal proposal outlining our plan to work together, and you can book your date with a deposit of 1/3 its total.

Our prices below include all of our planning, studio visit, flowers, wedding day delivery, setup and any rental retrieval.   We also reach out to and collaborate with your venue coordinator and your photographer.

Our goal is to make the floral experience fun and easy and help make your day more beautiful!
